GitHub: <https://github.com/ammarmehdi938> | 📍 Wazirabad, Punjab

Professional Summary

Motivated and detail-oriented Front-End Web Developer with hands-on experience building responsive, clean, and user-friendly web interfaces. Proficient in HTML, CSS, JavaScript, React.js, and Material UI. Currently interning at FentixTech, applying modern development workflows and best practices. Eager to grow in a professional environment and contribute to impactful web projects.

Technical Skills

Languages: HTML5, CSS3, JavaScript, TypeScript (Learning)

Frameworks & Libraries: React.js, Material UI (MUI), Tailwind CSS

Tools & Version Control: Git, GitHub

Other Skills: Responsive Design, UI Components, Component-Based Architecture

Professional Experience

Front-End Web Developer (Intern)

FentixTech | June 2026 - Present

- Developing and maintaining responsive web applications using React.js and modern CSS frameworks
- Collaborating with senior developers to implement clean code practices and modern development workflows
- Building reusable UI components and improving application performance
- Learning TypeScript to enhance type safety and code quality

Projects

E-Commerce Admin Dashboard

GitHub: https://github.com/ammarmehdi938/Admin_Dashboard

Technologies: React.js, JavaScript, HTML5, CSS3, Responsive Design

- Built a comprehensive admin dashboard for managing e-commerce products and orders
- Implemented responsive layout with clean UI and intuitive user interface
- Applied modern state management practices for efficient data handling

Kanban Board Application

GitHub: <https://github.com/ammarmehdi938/Kanban-board>

Technologies: React.js, Material UI, JavaScript, HTML5, CSS3

- Built using HTML, CSS, JavaScript, React.js, and Material UI (MUI)

- Implemented drag-and-drop task management functionality for seamless user experience
- Utilized React hooks for smooth state management and component lifecycle control
- Styled with Material UI components for a modern and consistent interface

To-Do App

Technologies: React.js, JavaScript, HTML5, CSS3

- Created a fully functional To-Do application with add, delete, and mark-as-complete features
- Applied responsive design principles to ensure usability across all devices and screen sizes
- Implemented efficient state management using React hooks

Developer Portfolio

GitHub: <https://github.com/ammarmehdi938/Dev-Portfolio>

Technologies: React.js, JavaScript, HTML5, CSS3, Responsive Design

- Developed a professional portfolio website to showcase skills, projects, and accomplishments
- Designed with responsive layout for optimal viewing on desktop, tablet, and mobile devices
- Integrated project showcases with live demo links and GitHub repository references

Education

Intermediate in Computer Science (ICS) |

Sir Syed College, Wazirabad | Expected Graduation: 2025
